ZUZANA VESELÁ

Who is she?

Uses experience gained at times she had studied in the Vladimír Fortin (who had worked with Cyril Bouda, Martin Salcman and Karel Lidický) studio.

By combining acrylic painting and pencil drawing (which shows the characteristic details of the characters), she achieves a special effect that emphasizes the drama and thoughtfulness of her work and is also a characteristic and unifying element of her entire work. In recent years, she has been working with specially modified canvases, which further support the above-mentioned effect.

Zuzana Veselá's works are located on several continents, mostly in the collections of private collectors.

At present, she is mainly engaged in the creation of paintings on given topics. The paintings are designed for specific spaces.

Zuzana Veselá presented her work at exhibitions in Prague, Humpolec, Kostelec nad Černými lesy, Žleby u Čáslavi Chateau, Mladá Boleslav, Týn nad Vltavou and České Budějovice, among others.
